★PREFACE

Hi, Pan here!
This time it's a YuruYuri book!
When I watched the first episode of the YuruYuri anime
I had no ideo I would come to love it this much.
It's a good anime to watch, laid-back and grinning.

Every girl is cute! Every coupling is sweet!
I secretly hope there will be o second season as well.
Then, an Only! Definitely an Only event!

I'm not sure if this one is a gag or serious,
butthe Gorakubu will be kya kya-ing and giggling in this manga.
The onime is still only in the early stoges but this story is easy to understand, I think.

Well then, it's a somewhat crude manga but if you enjoy it leisurely
I'd be hoppy!

HUGE MESS...
Haa
The club room is a mess!
These are all your personal items!
Really?
Why don't we clean it all together?
It's all your stuff anyway
Please tidy it up already, Kyouko-senpai!
hmm?
Yeah. let's clean up to kill time

Clean properly!
OH!
It's the newest Mirakurun manga I haven't read yet!
SHINE
Fuu, it's just about clean, huh

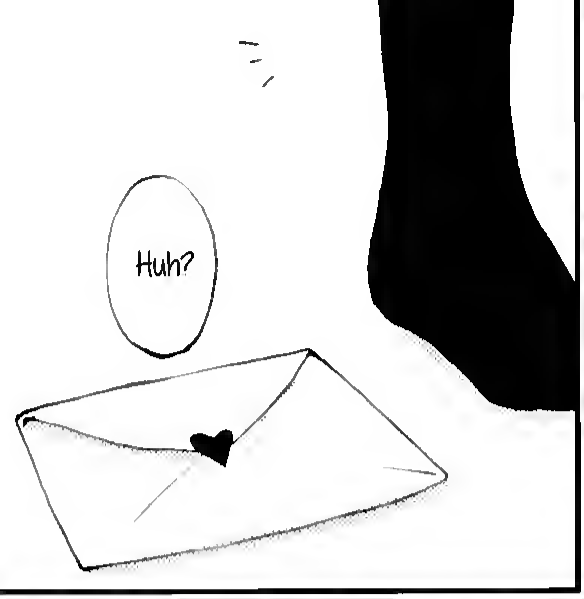
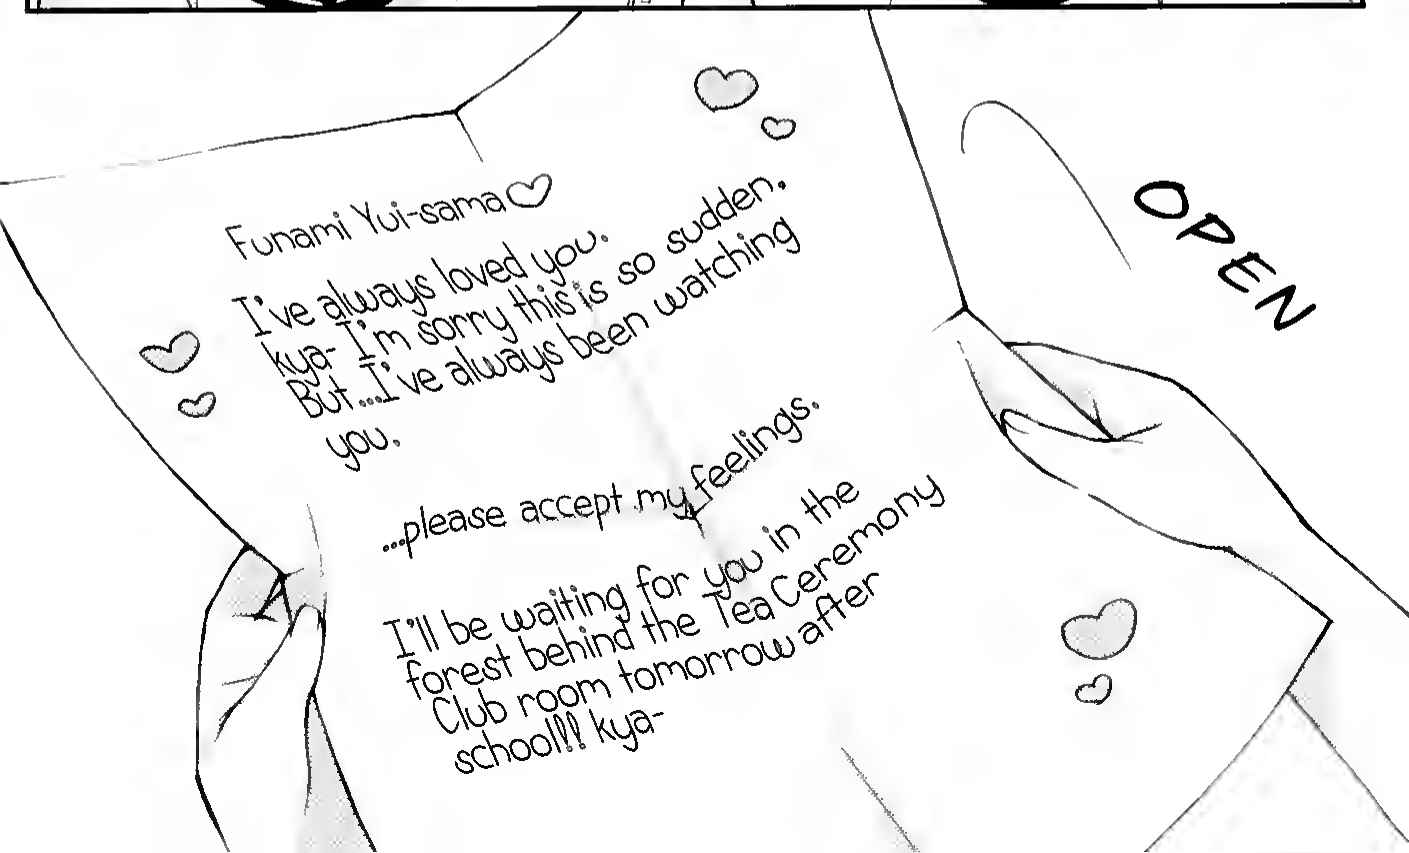
Chinatsu-chan, wait! Wait!



Huh?

Kyouko can just cram all this stuff into her locker later
Scrap

What's this?
A letter..?



Funami Yui-sama
I've always loved you.
kya- I'm sorry this is so sudden.
But...I've always been watching you.
...please accept my feelings.

I SEE
SENPAI IS VERY POPULAR
THAT'S RIGHT, SHE'S REALLY DREAMY
It'd be strange if she wasn't popular

★Afterward

Akari-chan's pitiably cute!
I'm sorry, Akari-chan fans, please don't be angry...!
Akari-chan's pitiable but she's always smiling and happy!
Calm down!

And the love letter that Chinatsu-chan jumped to the wrong conclusion about was something Kyouka wrote just for amusement.
And... Maybe I overdid it a bit for Chinatsu-chan, the shock she gets makes you think 'ouch, poor girl'.
You must think I wanted to make Chinatsu-chan sad, but that wasn't my intention.
They're all much cuter and nicer girls
That's the best I can do right now, but I wish I could express it better (tear)
Specifically, Kyoko's words and conduct are often stupid but she's smart and can really read the mood, I think.
I wanted to express that in this manga

The next YuruYuri manga I make will be laid-back and have Yui and Kyoko flirting
Feeding each other rum raisin in Yui's room?
Anyway, there are a lot of stories I want to draw so I'll start on the next book soon!

Well then, Thank you very much for reading this far.
I'd be happy if we meet again someplace.
